Why discover Tunis?

Between the sea and the medina, Tunis combines three thousand years of history with a Mediterranean art of living. From the Roman mosaics of the Bardo to the white-and-blue lanes of Sidi Bou Saïd, from the remains of Carthage to the fragrant souks of the old town, this five-day getaway reveals the essence of a refined capital.

Designed and operated by Fourati Travel Service, this stay brings together passionate guides, charming addresses and meticulous organisation — the art of travelling in Tunisia, cultivated since 1976.
